Magnetic Stripe Card Encoder
EST-4938 Multitrack

An accurate and efficient keycard encoder for effective hotel front desk operations. This encoder is designed with curved lines to meet the latest design trends.

Features

: Magnetic card and read.

: IC contact read and write.

: T=0, T=1 protocol.

: 3DES encryption.

: EMV level 1 approval.

: Write both LoCo and HiCo.

: LCD Display.

: Easy to upgrade firmware.

: All-in-one interface
  (RS-232, USB, LAN).

Technical Data

	SPECIFICATIONS	REMARK
Card Standard	ISO 7811ISO/IEC7816-3:1997	ISO-1&2&3trk
Communication	RS-232C, USB, Ethernet	
Power	AC 110~220V, 50~60Hz	
Life-time	Mag. Head: 2,000,000cyclesIC Contact: 700,000 contacts	
Environment	Operation: -10~70oC/0~90%RHStorage:20~80oC0~90%R	No condensing
Dimensions (H x W x D)	136 x 123 x 286 (mm) 5,35 x 4,85 x 11,26 (inch)
